4.C. Amendments to the claims

37 C.F.R. § 1.121 Manner of making amendments in applications.

(a) Amendments in applications, other than reissue applications. Amendments in applications, other than reissue applications, are made by filing a paper, in compliance with § 1.52, directing that specified amendments be made.

...
(c) Claims . Amendments to a claim must be made by rewriting the entire claim with all changes (e.g., additions and deletions) as indicated in this subsection, except when the claim is being canceled. Each amendment document that includes a change to an existing claim, cancellation of an existing claim or addition of a new claim, must include a complete listing of all claims ever presented, including the text of all pending and withdrawn claims, in the application. The claim listing, including the text of the claims, in the amendment document will serve to **replace all prior versions of the claims**, in the application. In the claim listing, the status of every claim must be indicated after its claim number by using one of the following identifiers in a parenthetical expression: (Original), **(Currently amended)**, (Canceled), (Withdrawn), (Previously presented), (New), and (Not entered).

The applicant amends claim 20, however the status identifier cites "Previously Presented." The amendment is non compliant because the claims are amended. Please correct the status identifier.
